Dear Hiring Manager,

Good Day!
Hope you are doing well!

I am looking out for an opportunity in Ontario public service- Gov TechON for Developer Student CO-OP position. I am a Data Engineer with a diverse and strong foundation in UI/UX, I am excited about this opportunity to contribute to your team and help drive data-driven solutions.

During my tenure as an *Application Development Associate* at Accenture for 2.5 years, I have contributed my valuable experience in -
- Data transformations using Informatica
- Visualization on Tableau and Power BI.
- Data modeling, process optimization and data analysis.

Prior to my role at Accenture, I served as a *Junior Android Developer* and *Digital Marketing Lead* at Celestiq Datatech Pvt Ltd, where I managed
- Designed Android application using Java ensuring optimal performance and user experience.
- Effort Estimation for SEO

Within my academic pursuits, I have consistently showcased my ability to adapt new skills and practises by demonstrating various projects using
Android development, Python, UI/UX, HTML, CSS, JavaScript, SEO
ETL- SQL, Informatica
Cloud – Azure, Kubernetes, Docker, Power BI, Tableau

My overall experience has helped in building a solid foundation in project management and digital marketing, which I believe will be valuable in leveraging data insights to drive business and growth at Ontario public service- Gov TechON.

I am eager and enthusiastic to bring my unique blend of skills and experience to your team and contribute to the continued success and growth. I am available at your earliest convenience for an interview. Please find my resume attached for your reference.

Sincerely,
Sanika Sardesai
